It certainly shouldn't take the full hour. I just need to get a quick idea of the scope you're looking at. I'm fine trying it as scheduled if that works for you, Heather. Other than that, I am around all day. The proposal is due Monday the 19th, so unfortunately I can't push the meeting into next week, otherwise I won't have time to get everything ready.

Here's my dial in information, if 9 works this morning. If it doesn't, let's try for 1pm today. That seems to be open for everyone.

Toll-free dial-in number (U.S. and Canada):

I am out on Friday and then will be out until Wednesday next week. If we could possibly do it today it would be better as I will be out most of next week as well. It shouldn't take is a full hour, and I'm free all day 3 – 4. Maybe we could try to do it as scheduled at 9 and be sure to finish in time for your 10 o'clock. –Jan

Subject: New Time Proposed: FMC Pocatello Scoping Meeting

When: Wednesday, October 07, 2015 9:00 AM-10:00 AM (UTC-08:00) Pacific Time (US & Canada).

Where:

Hi Libby, the afternoon would work better for me, I have something else at 10am so I would not have the full time between 9 and 10. Also I am at home today, if this would work better in person we could reschedule to Friday when I will be working in the office again.

I will need you to call me, my office line will forward to my epa cell, 206-553-6220
